Re: Coalfield Jamboree

Dear Phillip:

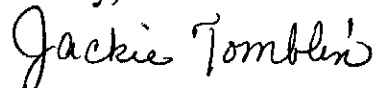

Just a note to let you know how much the audience in Logan, West Virginia enjoyed the Liverpool Legends!

The Legends were fabulous, and the audience loved their performance. They involved the audience in dancing and singing. After the show, the Legends signed autographs and everyone and I mean everyone wants them back next year. So many of them came up to me and told me that was the best show they had ever seen.

The Legends were friendly; they loved the theatre and enjoyed the food we prepared for them. They were so easy to work with back stage and it was a joy to work with them.

Congratulations to the Legends; they were great!!

Sincerely,

Jackie Tomblin, President
