

Chi-Town Transit Authority – Typical Requirements

How to reach us:

providerlaw@gmail.com;

Chris Horton@678-570-9584

www.chitownband.net

These are guidelines only:

Since each engagement and venue is unique, we suggest discussing our requirements at least 2-3 weeks prior to the performance. The list here is simply a guideline. The band is quite accommodating to the venue needs and preferences when discussed in advance.

Special Requests:

We love to perform and meet your unique needs. If you have special requests or would like us to give shout-outs or help create a certain vibe we are always excited to work with you on it!

Setup:

We typically require about an hour to setup and an additional hour for sound checks. See our other documentation for technical requirements. We would typically plan to start loading in 4 hours before a performance but we are quite flexible to the venue's needs.

Show Length:

We typically plan on two 45 minute sets, with a 20-minute intermission. We can also do a straight 90 minute set. We will work with the performance venue on any desired modifications or absolute time restrictions, particularly sound curfew for incoming guests and end times.

Hospitality:

We prefer to have a private, designated room for band members to prepare, warm-up, and get dressed in for the performance. We request at least 24 bottled waters be made available. We prefer to have dinner available, to include sandwiches or similar, salad, chips/snacks, assorted soft drinks, and coffee. The band has a strict no alcohol policy prior to or during performances.

Accommodations:

For performances outside of a 3 hour drive from Atlanta, we request overnight accommodations. We specifically request 4 double business grade rooms for the night of the performance, preferably incorporating a breakfast on the date of checkout.
