

Rex Havens Tech Rider

Movie screen or TV monitor large enough for every seat to have clear view.

Projection capability from his Powerpoint program which runs from his laptop (either VGA or HDMI acceptable).

Sound from the laptop accessed by 1/8-inch audio jack.

No microphone preference.

Hand held mic is OK, but for smaller venues boom mic hanging above him over stage works fine.

Prefers to not have a lapel mic.

If your venue cannot provide these, please let us know.
