

Recommendation:

I had the pleasure of booking Chi-Town Transit Authority as one of the headliners for our Cresswind at Lake Lanier Outdoor Music Concert Series in 2018. I have been booking, managing and promoting concerts for 30 years. I usually do not book artists for such a high profile show unless I have seen them personally. However, based on a recommendation from the amazing 7 Bridges (Eagles Tribute) band I have booked many times and a very well done you tube video, I took a chance. I was not disappointed in the least. Not only was the band extremely easy to work with and professional...they sounded fantastic! It is not easy to pull off the intricate music and harmonies of the band Chicago. Chi-Town Transit Authority seemed to do it with ease. Certainly the most authentic and talented Chicago Tribute band in the Country. I will not only be booking them again here at Cresswind at Lake Lanier, but several other properties where I book entertainment . The residents here absolutely LOVED them! And so did I.
