

Let's Hang On (Reviews)

Hi Bob,

We had a GREAT time and so did the audience. I am THRILLED we had Let's Hang On Kick off the season.

Here are my quotes...

"There is something about this music that makes people of every generation want to sing out loud and get up and dance." said Susan Agin, Executive Director of the Queensborough Performing Arts Center (QPAC). "While there is only one Frankie Valli, this company of talented singers, dancers and musicians pay homage to Frankie with the same intensity and skill as the "Jersey Boys" do every night on Broadway."

"From a Presenter's standpoint, this group was a dream to work with. Professional, on-time, super nice and the audience loved interacting with them at intermission and after the show. Who could ask for anything more!"

Also, I thought you'd like to see what some "big wigs" at the College said about the show:

The show, LETS HANG ON, is fabulous. Apparently they have been touring with this show all over the country and your great Performing Arts Center Director (I cannot remember your name, but she came out to speak to everyone and was great herself) managed to book them at QCC. It was SO much fun. We all loved it. Everyone sang along. The guys in the group are way too young to remember any of this music, but they are all real professionals and many of them are from Broadway and summer stock and Actors Equity -- not a bunch of amateurs. Very very well done, and I'm saying that after seeing "Jersey Boys" on Broadway twice.

Subject: Re: Let's Hang On Reference

Dear Ron:

This is the second year we are having "Let's Hang On" - we area 450 seat dinner theatre - and both performances sold out - this year a few months in advance with no advertising dollars having been spent - just having them listed on our website and announcing the date in house - they put on a very good show - are extremely easy to work with - minimal rider if you already have lighting and sound in place and the audience loves it. In this economy we are having a hard time selling anything out so the draw of this show has been great

Bob – I continue, every single day, to get more and more positive feedback on your show. People absolutely loved it!
I'll probably skip a year and bring you back in 2013 if that works for you. I like to have our audiences begging me to bring an act back, rather than saying 'you brought them in again?' Know what I mean?

Give anyone my work # if they want a verbal reference too
Have a great rest of the summer!
